TIPS FOR A SUCCESSFUL FIELDTRIP

Pre-Trip Suggestions:

- Brainstorm with you class possible rules and behavior that will lead to a safe and successful fieldtrip
- Review Fieldtrip Agenda with class prior to arrival, please reiterate to your students that we will be switching stations, so everyone will be able to do every activity
- Review suggested supply list with the students
- Please provide each student with a name tag for the fieldtrip (masking tape works well)

Suggested Supply List:

- Aina Clothes- clothes that you don't mind getting dirty. Since we will most likely be working in the water, it is best to wear surf shorts or quick dry pants/shirts; long sleeve shirts are helpful when working in the grass. We can accommodate for participants who have physical limitations.
- Tabis (if you have and want to bring)
- Gloves (if you have and want to bring)
- Sunscreen- Environmentally friendly brands are appreciated
- Extra Clothes
- Refillable water bottle
- Lunch
- Towel
- Hat

Fieldtrip Procedure

1. Line up outside the gate with your class and wait for one of our staff to greet you.
2. Your teacher will direct you in presenting an oli or the oli *E Hō Mai as a mele kāhea* to Loko Ea.
3. Your class will be welcomed into Loko Ea.
4. You are encouraged to enter respectfully and quietly to observe the wildlife at Loko Ea.
5. You will place your backpack in the green cubbies along the house (with large classes, please share)
6. You will sit quietly on the mats under the tent for orientation, safety and introduction lesson.
7. The class will be divided up into activity stations groups. You will rotate through the stations.
8. You will be responsible for cleaning and returning equipment you use back to the way you found it for future classes to use.
9. Everyone will return back from their stations and eat lunch.
10. Please be responsible for disposing your lunch waste properly; throw it in the trash or recycling
11. Prepare to return to school.
12. Mahalo for your great work and for visiting Loko Ea!

Weather Cancellation Policy

Please note fieldtrips will be postponed or cancelled incase of forecasted lightening storms or severe rain (24-hours prior to your visit) or a state-issued hurricane warning (48-hours prior to your visit). Loko Ea will make every effort to reschedule your trip incase of weather cancellation.
